# OUR FOUNDER & CHIEF CREATIVE OFFICER

**Lisa J. Lorino**  
FOUNDER | CHIEF CREATIVE OFFICER

Lisa has over 20 years of high-end design experience. She started her career at the famed Rockwell Group in NYC. She then followed her dream out to the West Coast. She cultivated her skills at design giant BraytonHughes Design Studio, where she was responsible for developing accounts such as Discovery Land, Fairmont, Four Seasons, and St. Joe Company, to name a few.

Lisa earned her Bachelor of Science in Interior Architecture degree at the University of Tennessee and has built her career by creating unique luxury experiences for hospitality clients and the most exclusive residential projects in the world. Her work has been featured in numerous design publications.

# Luxury Interior Design Experts

Founded in 2004, LJLdesigns focuses on delivering an elevated design experience that transcends expectations. Prepare to be captivated by a design journey guided by an unwavering commitment to listening, innovation, and a profound belief that your vision drives every project we undertake. We design luxury houses with beautifully bespoke interiors that exceed our clients' expectations.

# FOUNDATION of OUR SUCCESS

*“Our approach is to provide the most elegant, refined interior possible with an overall aesthetic that is contemporary-classic, built-to-last, and timeless. We also love surprising our clients with individually designed pieces and unique finishing touches.”*

## **Design Integrity**

At LJJLdesigns, we dedicate ourselves to crafting designs that resonate with your unique needs and aspirations. We proudly steer clear of any exclusive ties with the brands we showcase, prioritizing your best interests above all.

## **Detail Obsessed**

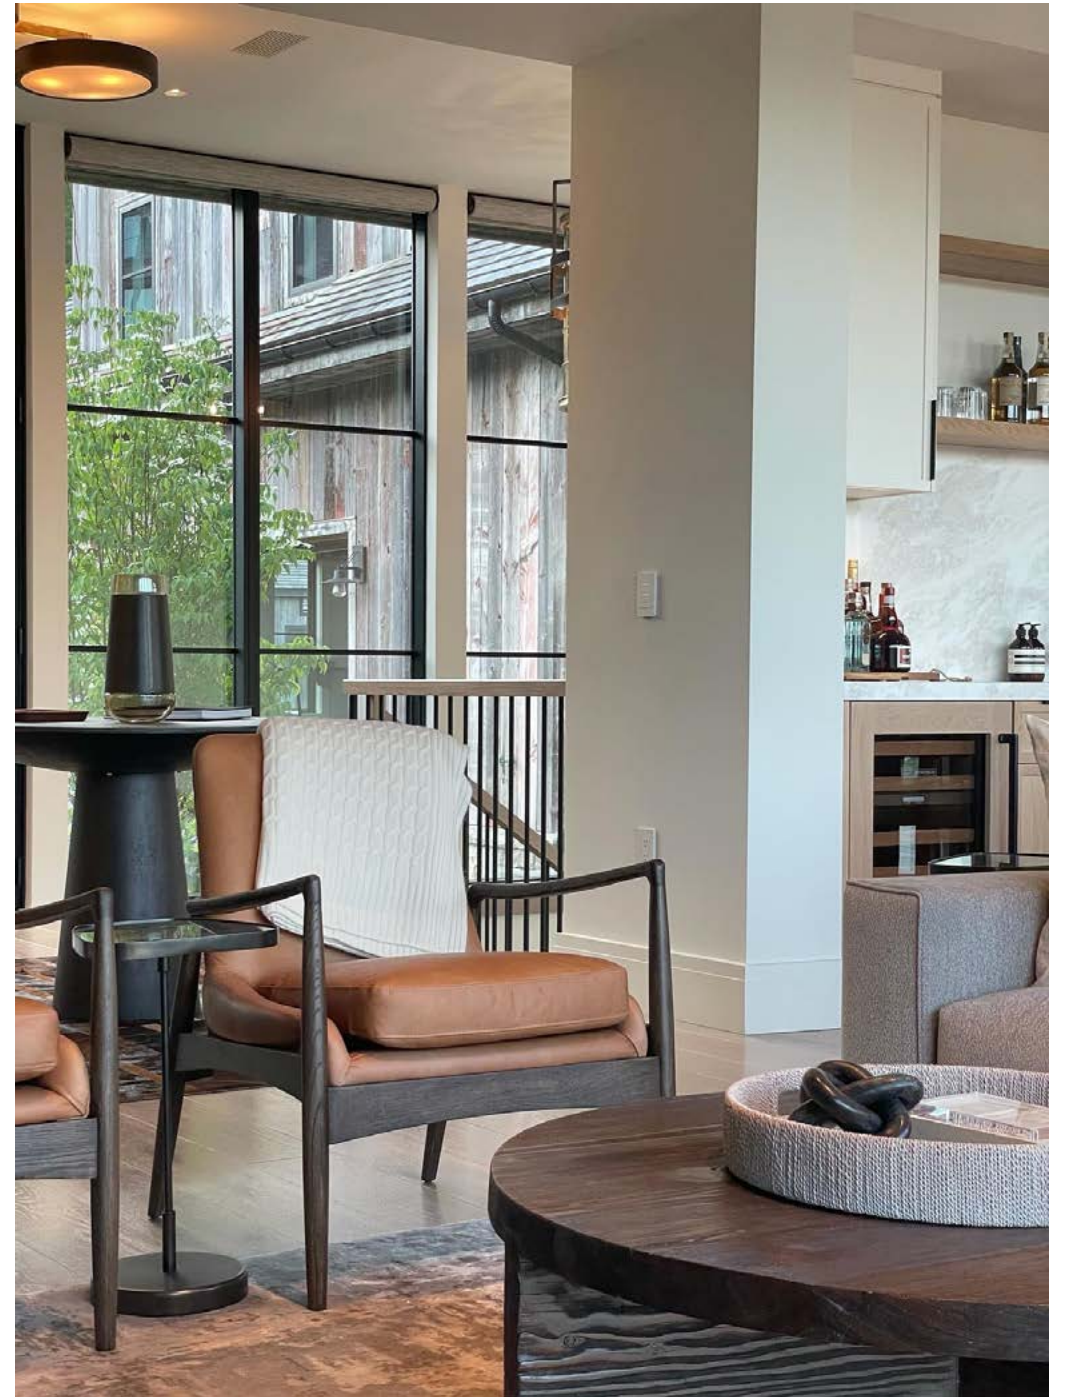

Every nuance of every project holds profound significance. Your vision is our compass; if a detail matters to you, it unquestionably matters to us.

## **Sourcing Knowhow**

Efficiently navigating the intricacies of sourcing and storage is a pivotal aspect of our design alchemy. We actively cultivate global partnerships with warehouses strategically positioned to elevate your experience.

## **Logistical Expertise**

Our commitment to impeccable quality control, seamless delivery, and flawless installation takes center stage.

W

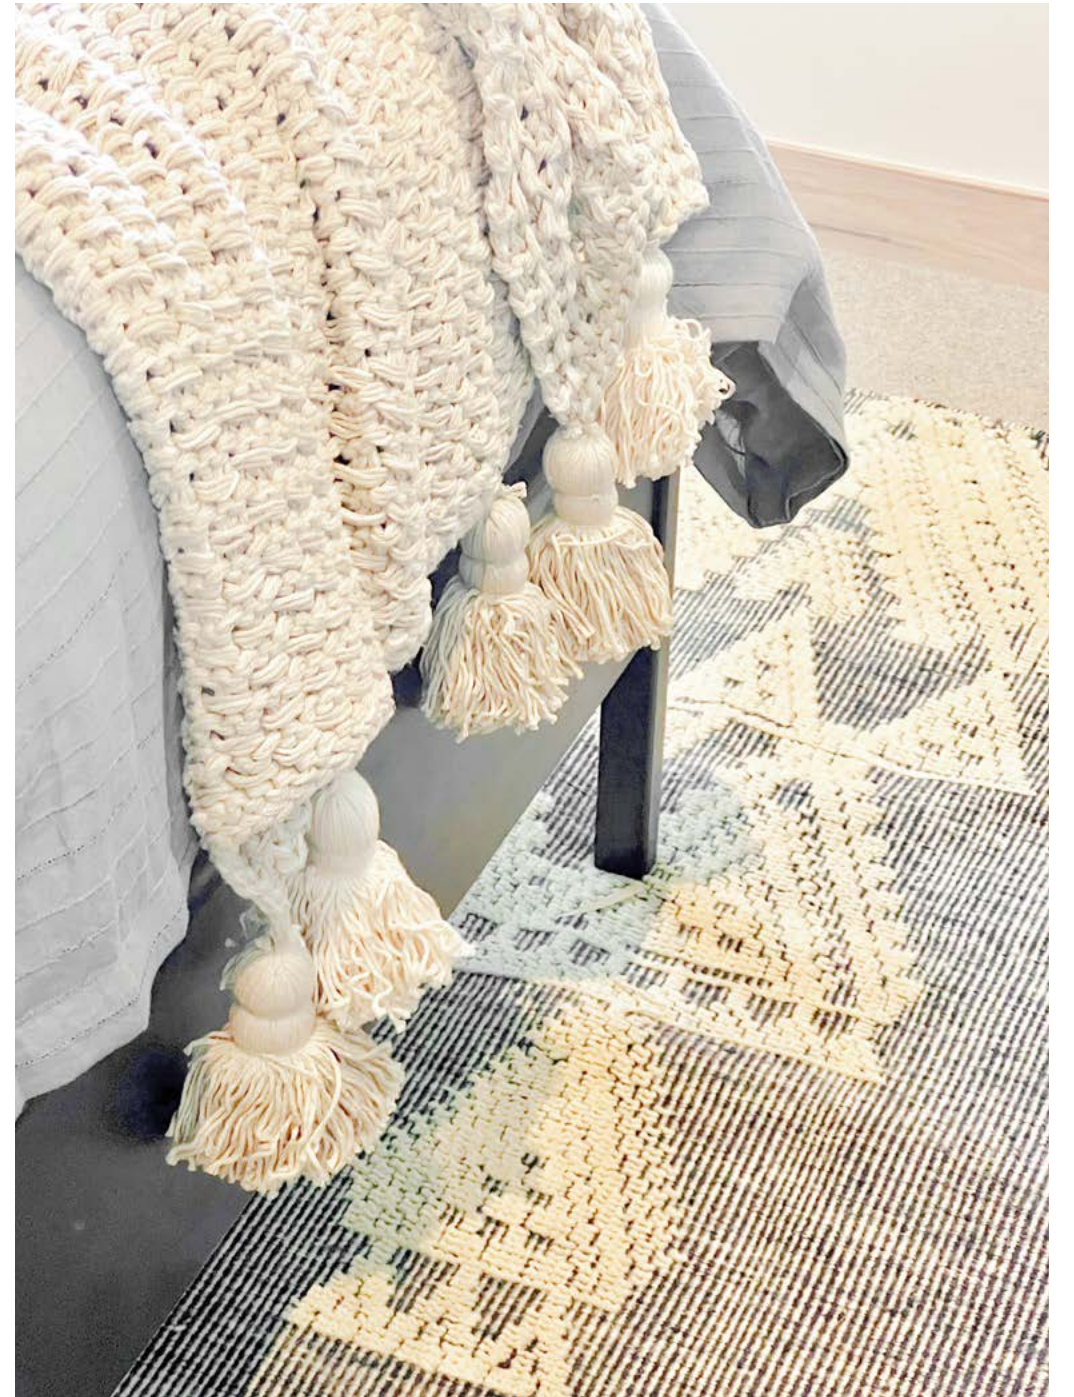

# The DESIGN Process JOURNEY

# 1 DEDICATED Project DESIGNER

A dedicated project designer will be assigned to you, overseeing all aspects of the fulfillment process, and will be your main point of contact. Your project designer will be your partner throughout the entire project life cycle. They will liaise with our behind-the-scenes team to ensure every detail is attended to, provide you with detailed proposals, manage the supply schedule, and, if needed, coordinate installation.

# 2 We Bring Your IDEAS to LIFE

Our Founder and Chief Creative Officer, Lisa Lorino, oversees each project with her keen creative eye and the client's vision at the forefront, infusing it with inspired concepts and luxurious solutions. Her unwavering commitment to excellence sets the bar high, ensuring that project outcomes exceed your wildest expectations.

# 3

## Creative Process

### Project Definition

We work with you to determine your project's parameters, including design essence, budget, and timelines.

### Design Process

The design phase starts with presenting style boards and color palettes before moving into the layout phase, where drawings are created. This phase is highly iterative, and we walk you through the process to ensure your vision comes to life.

### Furniture & Accent Piece Selection

Our team puts together a selection of items to fill your space and bring your vision to life for your approval.

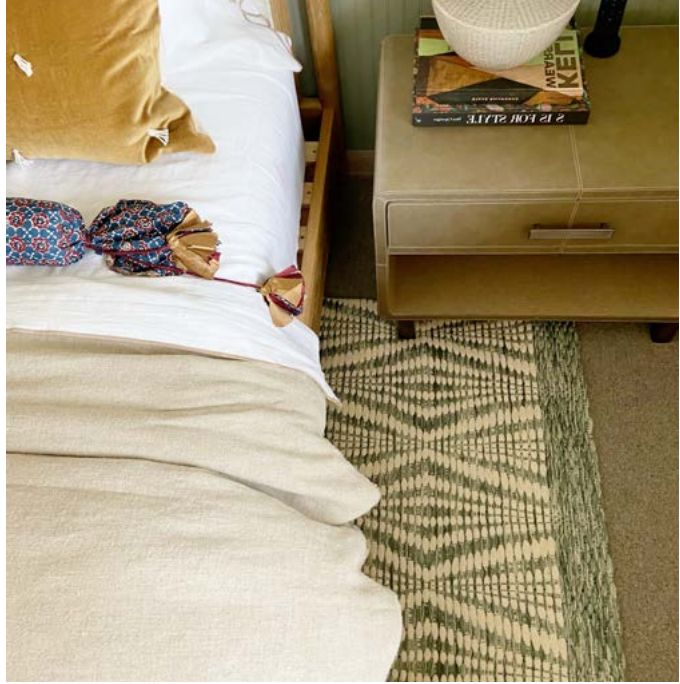

# 4 SOURCE & SUPPLY

Once the design is finalized, our purchasing and logistics team will take over. They will process the orders and work with a warehouse local to your home to coordinate shipments and installations of the goods to property within a timely manner.
